oops!

Happy accidents happen.

A creative web design studio making wildly interactive 3D websites, beautifully minimal sites, launch pages and web games.

The studio

Whereabouts	Detective game

Also

Satin	Brand and launch website, usesatin.com
oops!	The studio's own site

Spot the Oops

Launches Mon 23 Nov 2026

A free one-minute daily game. Each round is a working interface with one real design problem. You get three clicks to find it, and every round ends with the rule it breaks and the fix.

11 rounds so far. 4 are dark patterns from India's 2023 guidelines.

www.oopsweb.co/spot/

Whereabouts

A free daily detective game set in a 3D dolls' house, playable in a browser.

460 days of cases already checked to be solvable.
